Paul is a former President of the Orchid Society of California, San Francisco Orchid Society, Marin Orchid Society, and a founding member of the Golden Gate Cymbidium Society. Paul Chim is an accredited CSA judge and chair of the San Francisco Region of the CSA judging. He leads groups of orchid enthusiasts to China and other South Asian destinations. Paul will share some highlights of his most recent orchid travels which will include photos of China and the orchids there. Presidents Message

Coming back from the summer break it was good to see everyone at the September meeting. It was a pleasure to hear of everyone's adventures and to see the excitement of getting back into the fun of growing and sharing orchids. Even though we have an excellent speaker, October is when we as a society are to handle our club business. We as a society need to elect officers, board members, and fill positions. Please come prepared to participate. Our goal is to keep the business meeting as brief as possible so we can enjoy Paul's presentation. If you are absolutely unable to attend and would like your voice heard please contact the president with your proxy instructions. See you Wednesday...

Thank you to the volunteers who helped with our booth at the Shepard Garden Art Centers Fall Plant Sale. Their efforts help the club gain exposure in our community, make a lot of new friends, and even make a little money. Through events like these we as a society are able to fulfill part of our mission statement, to engage and educate our community on the ease and pleasure of cultivating and sharing cymbidiums along with other cool growing orchids. Once again... Thank you

Reminder

Dennis Olives gave our club a challenge for 2015,

For the remainder of the year, whoever brings a guest that signs up as a new member, Dennis will supply both the sponsoring member and the new member a nice plant (seedling of Dennis's choice). This is a great way to build your collection and help friends start a collection.
