This Month

This month Bob Conaty will speak about Paphs & Phrags on your Windowsill. He will also be giving a presentation on viruses and diseases, how to identify them, along with the appropriate actions to take.

Bob is a long time orchid enthusiast who joined the SOS in 1984. Bob and his wife Fran were part of the core group at the start of the SVCS and have been members since the beginning of the club in 2004. Bob has a large collection of Cymbidium's and as a true orchid aficionado, has a large number Paphs & Phrags along side his other orchids. Bob enjoys sharing his enthusiasm and many years of experience with whomever will listen.

November Meeting Recap

Our last meeting for 2015 was the November pot luck and member plant sale and boy did we have fun. There was an abundance of good food, tender and juicy turkey, mashed taters and gravy, and a variety of scrumptious side dishes, as well desserts. We all got a head start on the Thanksgiving season. It was fun to watch the interaction of our members as they shared some of their recipes and experiences with each other. It is obvious that our membership contains some very good cooks. As soon as everyone was finished eating the plant sale began, with a lot of very nice plants and a lot of good deals to be found.

The evening was an enjoyable time to spend with our orchid friends, even though some of us ate way too much. All in all we had a good time, and everyone went home with some new plants. For those who were not able to attend, we missed you and hope you will be able to join us at our next meeting or some time soon.

SVCS on Facebook

We have a fabulous Facebook page thanks to Mikee Bussard. Like it, then share it with friends
